

High School at Stanbridge Academy

STANBRIDGE ACADEMY

Building Bridges for 36 Years...and counting

Established in 1982, Stanbridge is dedicated to the idea that **all** students can thrive. We get kids who learn differently.

Stanbridge is fully-accredited by:

- California Association of Independent Schools (CAIS)
- Western Association of Schools and Colleges (WASC)

Stanbridge is the Bay Area's only dually-accredited, K-12 school focused on students' academic, social, and emotional growth.

Stanbridge Students

All of our students benefit from small class sizes, differentiated instruction, development of executive functioning skills, and a schoolwide social learning program.

Our campus includes grades K-12, providing unique opportunities for high school students to develop and practice leadership skills within our community:

- Community service and volunteer opportunities
- Student government
- Tutors, mentors, role models
- Cross-divisional events (Field Day, Talent Show, Graduation)
- Enrichment clubs and summer school

The Stanbridge Academic Program

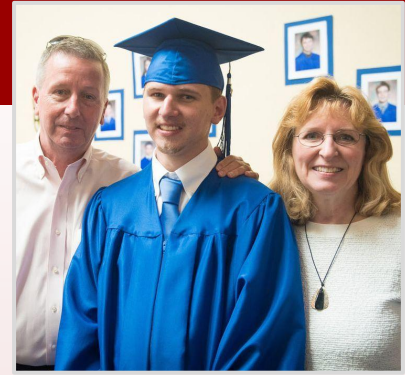

- Rigorous course of study that is responsive to the academic needs of each student
- Aligns with California state standards
- Inspires intellectually-curious, academically-oriented learners
- Prepares students for college and an appropriate postsecondary environment
- Development of executive functioning skills is incorporated into all aspects of our curriculum

The core focus of the Stanbridge High School program is an academic course of study culminating in a diploma. Beginning in ninth-grade, our college & career counselor helps students and their families work toward achieving their postsecondary goals.

A Program Built for Postsecondary Success

Approximately 75% of all Stanbridge graduates continue their academic careers at a four-year or two-year college, university, or vocational school.

Our graduates have also enrolled in residential education programs (such as Fresno State's *Wayfinders*, and Foothill College's *Tools for Transition and Work*) while others have joined the workforce.

Stanbridge graduates have gone on to...

- Landmark College
- San Francisco State
- Foothill College
- Cañada College
- Cal State East Bay
- Cogswell College
- St. Mary's College
- Skyline College
- SF Academy of Art
- West Valley College
- Univ. of California–Berkeley
- Notre Dame de Namur
- College of San Mateo
- DeAnza College
- City College of San Francisco

Academic Support at Stanbridge

- Generally, we maintain a max 8:1 student-to-teacher ratio
- Fifteen highly-qualified teachers in high school division
- Support staff includes
 - Two licensed school counselors
 - Speech & Language therapist
 - Learning Specialist
 - College & Career counselor
- Assistive technology is available to all students and staff
- Social Learning program
- We understand our students—and help them understand themselves—from a strengths-based perspective

The Stanbridge Experiential Program

A cornerstone of our program for more than 30 years:

- Trips tie-in to class curriculum
- Develop social skills, teamwork, sense of community
- Allow students to shine outside of classroom
- Appropriate challenges build self-esteem, independence, and confidence

Day trips: Service learning; Bay Area museums, parks, and urban outings

Overnights: Yosemite National Park; Angel Island; Marin Headlands; Washington, DC

Real-world job skills experience: Internship program at Facebook

On-campus internships: Technology lab assistant; main office assistant; library aide
