

Middle/ High School Mathematics Teacher

Stanbridge Academy is a caring, inclusive K-12 school for students with mild to moderate learning differences and social communication disorders. We use an individualized, whole student approach so that students thrive and develop their academic, social, and emotional capabilities to their fullest potential. Stanbridge Academy incorporates and models strong values of personal and shared responsibility, respect, inclusion and compassion, where every student is heard and celebrated.

Stanbridge Academy seeks a talented, versatile, and engaging middle school mathematics teacher. Class sizes are small (usually eight students and one teacher) to accommodate the needs of diverse learners. In addition to a strong, standards-based academic program, Stanbridge emphasizes the development of social thinking skills, executive functioning, and positive self-concept.

Successful teachers at Stanbridge match enthusiasm for subject matter with a strong interest in building meaningful, trusting relationships with students. Teachers work in close collaboration with each other.

We are looking for energetic, engaging individuals to join our team. Desiring applicants who are interested in working with students who struggle in math, confident in their ability to develop skills and understanding in students who are, at times, significantly below grade level in math.

Required for this position:

- Two years teaching experience in upper elementary, middle school, or high school
- Bachelor's degree in education or a related field
- A California or out-of-state teaching credential
- Experience with special needs populations
- Willingness to differentiate instruction, think outside the box, and teach in a variety of ways in an effort to reach students who struggle to learn
- Willingness to attend 1-2 overnight trips per year with students
- Confidence with the use of technology as instructional support
- Calm, even temperament, and a great sense of humor

Preferred for this position:

- CA. Teaching credential in Special Education
- Experience in *Making Math Real*
- Experience with another structured math program

Essential Functions:

Develop and teach engaging intervention lessons to students of all grade levels

Salary competitive and commensurate with experience.

Salary range \$70,000- 110,000.

Comprehensive benefits include health, vision, dental, and a 403 B retirement plan.

Stanbridge Academy is an equal opportunity employer.
